

RhinoClean™

PRODUCT DATA SHEET

AP300™ Screen Wash Degradent & Emulsion Remover

Description

- A water-soluble screen wash designed to work quickly on UV and some Conventional Inks.
- Ideal for efficient and expedient screen washing and reclaiming after the press run.
- Has a higher flash point than lacquer thinner, alcohols, ketones, etc.
- Biodegradable, non-toxic and environmentally friendly.

Directions

1. To remove ink and emulsion from screen images, apply AP300™ to both sides of screen and wipe the ink out of the screen.
2. With a high pressure washer blast the stencil out of the mesh.
3. If any residue is left behind SW210 Ink Degradent or a Haze Remover can be used, such as HR2800.

It is the responsibility of the screen printer to test the product; review the MSDS prior to use to evaluate whether or not the product is correct for the application intended.
