

# RhinoClean™

## PRODUCT DATA SHEET

### DG2200C™ Concentrated Mesh Degreaser

#### Description

- Concentrated biodegradable degreaser.
- Non-abrasive fabric treatment that acts like a wetting agent for use on all synthetic and wire screen mesh.
- Provides an even sheeting of water for complete, uniform stencil adhesion.
- Improves film lamination and bonding of direct photo emulsions.
- For use prior to each stencil preparation.

#### Directions

1. Dilute DG2200C™ with water - up to 1part concentrate and 50 parts water.
2. Wet screen thoroughly.
3. Spray DG2200C™ in a uniformly applied pattern working from top to bottom.
4. With a soft nylon bristle brush scrub both sides of the mesh.
5. Rinse off with water.

**It is the responsibility of the screen printer to test the product; review the MSDS prior to use to evaluate whether or not the product is correct for the application intended.**
