Chromaline Alpha™ Micro-Cap S

Alpha Micro-Cap S is part of Chromaline's portfolio of Alpha high resolution products for industrial and printed electronics applications. All Alpha Micro-Cap Series films improve screen efficiency with the easiest application and screen-to-screen consistency, while optimizing emulsion over mesh (EOM) for improved ink/paste release and higher quality prints. Alpha Micro-Cap S's short exposure times provide high efficiency for volume screen making.

FEATURES

- Ultra-fine particle size for the sharpest detail
- Provides low Rz with thin EOM
- Compatible with conductive inks for electronics
