## Fotec FOTECOAT 1030 Emulsion

FOTECOAT 1030 is a low friction, dual-cure emulsion. It is ideal for textile, graphic and industrial applications with long print runs. Its controlled particle size results in excellent print definition on any mesh. FOTECOAT 1030 has a medium viscosity and a 39 percent solids content.

 **\$59.95 / GAL**

### FEATURES

- Blue color
- Low friction stencil surface
- After drying, lacks the tackiness typical for dual-cure emulsions
