

product solution

Fotec FOTECOAT 1833 Emulsion

FOTECOAT 1833 is a blue, ready-to-use emulsion with outstanding abrasion and humidity resistance. It should be post-exposed to improve water resistance for long print runs and does not require chemical hardening. FOTECOAT 1833 has excellent print definition on any mesh. It is high viscosity and has a solids content of 45 percent.

 **\$66.62 / GAL**
