Grünig G-WASH 104 “Plug & Wash” Washing Machine

The G-WASH 104 is an automatic screen cleaning machine that offers Grünig’s latest “Plug & Wash” technology. It has a programmable washing time and is safe to use due to the enclosed washing chamber. Automatic washing is done by means of spray nozzles that operate on both sides of the chamber. These automated spray nozzles, powered by a powerful water pump, clean the frame quickly, efficiently, and thoroughly.

FEATURES

- Maximum screen format 55" x 71" (1400 x 1800 mm)
- Compact construction
- Low maintenance and user-friendly
- Top quality at a competitive price
- Easily accessible V2A steel nozzles designed to last and provide ease of maintenance
